

# The Next Frontier in Diabetes Care

## SCIENTIFIC SYMPOSIUM

PRECISION • PREVENTION • NUTRITION

May 30, 2026 | California

**Arogya World** is convening **The Next Frontier in Diabetes Care Scientific Symposium**, as an invitation-only symposium bringing together leaders to advance prevention-first approaches to diabetes.

The symposium is a three-hour convening followed by a networking luncheon, designed for physicians, scientists, pharmaceutical leaders, health and wellness brands and health innovators.

The program explores evidence-based nutrition, precision prevention strategies, and population health models, with particular relevance to South Asian and Indian American communities at elevated risk.
